I am going to be absent from University for 2 weeks following an accident, who do I need to notify?

Contact your College - Personal Tutor/Student Experience Officer / Administration so that they can assist with extension of any coursework submission deadlines or exam issues. Your PT will also be able to provide advice on catching up on missed work. One of the support services (MASO, ISAS, DO or Wellbeing) may also be appropriate, depending on your injury/situation. If your absence is likely to be extended please discuss whether the suspension of your studies would be appropriate.

Unique solution ID: #1067
