

Open Access

How can I check whether my publisher will allow my article to be deposited in the Cronfa, the university repository?

In most cases [Sherpa Romeo](#) will allow you to look up a journal to see what your publisher allows. In a few cases you may need to check with your publisher. If you need any help contact iss-research@swansea.ac.uk.

To comply with the HEFCW open access policy you need to deposit the author accepted manuscript, your own version but after peer review. Sherpa Romeo refers to this as the postprint.

Unique solution ID: #1167
