I'm an international student, how do I find information about looking for employment / part time job/ internships, work placements?

Visit the [Employment Zone](#) section of our website for graduate jobs, placements, internships and part-time work while you study.

Our [work while you study page](#) includes information on getting a National Insurance number which is required by everyone who works in the UK - scroll down to the bottom of the page.

Check your right to work in the UK with the team at [International @CampusLife](#); they offer drop-in sessions and appointments to help you make sure you understand the conditions of your visa.
