

Disability

How can I get help with scanning?

If you have a cognitive or physical print disability recognised by the Equality Act 2010, the Transcription Centre (SUTC) may be able to provide you with scanned electronic texts. Please contact the Centre on 01792 295912, braille@swansea.ac.uk or call in at the Amy Dillwyn Building (#15 on the Singleton Park Campus map) to discuss your needs.

The SUTC provides braille, DAISY audio recordings, tactile diagrams, large print, scanned electronic text, searchable PDF files and transcribed audio files to Swansea University students and to students at other HE and FE institutions.
