

Attendance Monitoring

What if I miss a supervisory meeting?

If you miss your monthly meeting without authorisation, the formal engagement monitoring process will start.

If you are a non-Tier 4 student/Student Route student, your College/School will contact you to advise you about the consequences of non-engagement and you will be asked to rearrange a meeting with your supervisor.

If you are a Tier 4/Student Route student sponsored by the University, you will be required to attend a meeting with Student Compliance Services. If you fail to attend these meetings you will normally be required to withdraw from the University.
