

Attendance Monitoring

What if I am carrying out research away from Swansea?

Please contact your College/School to discuss applying for a request to study remotely and arrangements will need to be made to continue your supervisory sessions prior to leaving Swansea. These sessions should continue to be held using suitable alternative means (e.g Zoom) where it is not possible to be held face-to-face.

Students on a Tier 4/Student Route visa must have at least 50% of their supervisory sessions in person or via a suitable alternative means (e.g. Zoom) per academic session, unless agreed in advance with Student Compliance Services.

Unique solution ID: #2418
