Can I keep a copy of tests/surveys backed up on my computer for the future?

From within your module, click on the "Course Tools" link within the Control Panel:

Select "Tests, Surveys and Pools" from the options given:

Click on the relevant link (Either Tests or Surveys)::

From the next screen, click on the chevrons next to the relevant test, survey or question pool and select "Export to local computer" or "Export to Content Collection"
