## Blackboard Mobile Learn

Swansea University has subscribed to Blackboard Mobile learn on a trial basis for one year. A Blackboard app is now available for a range of smartphone - please click one of the following for instructions on how to download and use the app on your device. You may also want to visit our Tips page for using the mobile apps

[Apple iPhone / iPod Touch / iPad](#)

[Android](#)

[Blackberry](#)

[Palm](#)

There is, at the moment, no app for Windows phones

Please note that these apps only access core parts of Blackboard and may not access third party tools such as the Learning objects tools (Blogs, Wikis and Podcasts) or Turnitin UK assignments. Documents are subject to the viewing capabilities of each device and some content may not display on some phones (eg Flash videos on iOS)

Instructions for iPhone, iPod touch and iPad

How to download the Blackboard Mobile Learn app

The Blackboard Mobile Learn app is available in the Apple App store search for "Blackboard Mobile Learn" to find it. There is one version for the iPhone / iPod touch, and a separate HD version for the iPad. (searching from your device should bring up the right version)

How to log in to Blackboard Mobile Learn

Once you have successfully downloaded and opened Blackboard Mobile Learn:

Search for "Swansea University" using the search bar that automatically appears when you open the app

Select by tapping "Swansea University" below the search box

Log in using the same username and password that you normally use to access Blackboard

Can I update and contribute content to any features from my device?

Using your iPhone / iPod touch / iPad, you can update Discussion boards and update the status of your Tasks.

visit our Tips page for using the mobile apps

Please note that if you find you cannot access particular documents or content items you are recommended to view them using a computer or laptop - IT Support will not be able to advise on issues relating to limitations on document types in Mobile Learn

## Instructions for Blackberry Devices

### Versions of BlackBerry that support Blackboard Mobile Learn

BlackBerry devices with OS 4.3 or higher support Blackboard Mobile Learn. If you need to upgrade your software, simply connect your BlackBerry smartphone to your computer using your USB cable, go to [http://na.blackberry.com/eng/services/devices/#tab\\_tab\\_update](http://na.blackberry.com/eng/services/devices/#tab_tab_update), and click on the "Update" button.

If you do not see an "Update" button, please ensure that you are running the following items:

1. Windows® Internet Explorer® v5.5 or later, running on Windows®.
2. An ActiveX control provided by Research In Motion Ltd. on your BlackBerry smartphone. Click on the Internet Explorer Information Bar, shown at the top of the page, and select "Install ActiveX Control..." to install this component.

How to I get BlackBerry App world on my BlackBerry

If you don't already have BlackBerry App World, visit

<http://www.blackberry.com/appworld/download> from your BlackBerry to download it.
