

Enrolment

When do I enrol?

At the start of each year of your course you will be expected to enrol. For the majority of students this will be in September when online enrolment opens for courses starting in September or October.

If you are on a year out, you can enrol earlier in August, we will send you an email reminder to enrol online.

For health, medicine, LPC/GDL, English Language training, adult education, exchange, visiting and research students starting in other months, browse Early and Other Enrolment Events.
